## SUMMARY

Passionate Software Developer with expertise in React.js, Angular, Node.js, and MongoDB. Experienced in building dynamic UIs and integrating frontend with backend services. Strong problem-solving skills with a collaborative and agile approach to development. Enthusiastic learner, staying updated through conferences, freelancing, and hands-on projects.

## EXPERIENCE

---

### Software Developer

PraiseArray, Pune | Jan 2023

- Dynamic UI implementation using React.js, Angular, HTML5, CSS3, and JavaScript. for enhanced interactivity.
- Integrated front-to-back components (Node.js, Express.js and MongoDB) for seamless communication.
- Improved team performance through collaborative debugging.
- Embraced agile methodologies for punctual project deliveries and refined user experiences.

## PROJECTS

---

### Feedback management system

Developed a comprehensive Feedback Management System to facilitate the collection, management, and analysis of customer feedback. This system features dynamic forms that allow users to provide detailed feedback, including the ability to upload images. The application is particularly beneficial for service industries such as the automobile sector, where customers can report defects or issues with services and provide photographic evidence to support their feedback.

Technologies used: React, Node, Express, AWS, MongoDB, SCSS, and JavaScript.

### Coaching class management system

The Coaching Class Management System is a web-based application designed to streamline the management of coaching classes. This system provides functionalities for managing students, courses, schedules, and attendance, ensuring a smooth and efficient operation for coaching class administrators and teachers. The application aims to enhance the user experience with an intuitive interface and robust backend support.

Technologies used: React, HTML, SCSS, JavaScript, Node, Express, and MongoDB.

## SKILLS

---

**Technical Skills:** React JS, Angular, Node JS, Express, Next JS, HTML5, CSS3, SCSS, JavaScript, MongoDB, AWS, Unit testing with React Testing Library, Jest, E2E testing using playwright, Regression Testing, used Material UI,

**Skills:** Team Player, Collaborative, Flexible, Fast Learner.

**Languages Known:** Marathi, English, Hindi.

**EDUCATION**

---

**Master of Computer Application (Science)**  
Haribhai V. Desai College • Pune • 2024 • 83.25%

**Bachelor of Computer Application**  
Haribhai V. Desai College • Pune • 2022 • 82.95%

**HSC**  
2019 • 65.80%

**SSC**  
2017 • 83.90%

**PERSONAL DETAILS**

---

**Address:** 244, Bhawani Peth Pune, 42.  
**Marital Status:** Unmarried.  
**Hobbies:** Trekking, Travelling, Listening Music, Playing harmonica.

**EXTRA CARRICULAR**

---

- Attended Next JS conference virtually to stay updated on latest trends and best practices in Dev.
- Freelanced as Frontend Developer building responsive web apps.
- Participated in tech quizzes and competitions at graduation.

**SELF DECLARATION**

---

- I hereby declared that all the details above is true and best of my knowledge.

---

**PLACE:** Pune

**SIGNATURE:**

**DATE:**
